SAFETY TIPS FOR THE ECLIPSE

**URGENT
PLEASE READ!**

Begins: 1:19 PM • Maximum Partial Eclipse: 2:43 PM • Ends: 4:01 PM

When viewing the partial eclipse in Baltimore DO NOT LOOK AT THE SUN unless wearing protective solar eclipse glasses or using handheld solar viewers. Looking directly at the sun, even for quick glances, can cause serious eye damage or blindness! Wear your solar eclipse glasses through all phases of the eclipse for maximum protection.

Always supervise children who are using solar eclipse glasses. If they are outdoors, they must wear the glasses at all times. Young children's eyes are even more vulnerable since during the eclipse the sunlight will dim and it will hurt less to look directly at the sun. Modify the eclipse glasses with elastic or tape around the back. Do a practice run putting the glasses on children so they will know what to expect.

We highly recommend that camps keep young campers indoors and facing away from the sun since it will be impossible to provide the necessary and adequate supervision for each child's safety!

DO NOT wear solar eclipse glasses to view the eclipse through a camera, binoculars, or telescope. These optic devices must have special-use filters.

When using a cellphone camera to take pictures or video during the eclipse, there is a risk of damage to both your eyes and your cellphone. Review these dangers and tips in advance by visiting eclipse2017.nasa.gov.

ISO-certified solar eclipse glasses are available as a fundraiser for Yeshivas Toras Chaim all day Friday, August 18, at Seven Mile Market and Shabsi's Judaica Center. *While supplies last. These glasses are not for resale.*

This guide is dedicated in loving memory of Harav Binyomin Moshe Dinovitz, ה"ע, and Harry A. and Lillian Frid, ה"ע.

Special thanks to AMF Creative, Mrs. Elaine Berkowitz, Seven Mile Market, Shabsi's Judaica Center, Speedy Graphic, Rabbi Chanina Szendro, Mr. Jay Taffel, and Yeshivas Toras Chaim students.

The Chesed Fund Limited is dedicated in memory of Mordechai & Rebecca Kapiloff, ה"ע, Dr. Bernard Kapiloff, ה"ע, and Rabbi Norman & Louise Gerstenfeld, ה"ע. Project Ezra of Greater Baltimore, Inc. is dedicated in memory of M. Leo Storch, ה"ע.
